Colour the figure and its spelling

A rectangular box containing a coloring activity. On the left, there are nine cartoon cars, each with a smiling face, arranged in three rows: the first two rows have four cars each, and the third row has one car. To the right of the cars, the word "NINE" is written twice in large, hollow letters. The first "NINE" is pink, and the second "NINE" is green. The entire activity is enclosed in a rounded rectangular border.
